Hey everyone! "Stop selling to your mama!" Hams take you to new markets.

Many wonderful fundraiser products (such as our Cookie Dough and Soup) are geared toward homeowners. Perhaps you find yourself selling to the same people again and again. With our hams, you can sell to business owners and fill their need for quality gifts!

Our individually boxed, fully cooked, spiral sliced ham is in demand for the holidays. It is the ideal gift of appreciation to employees and valued customers. Be sure to contact the business owners you patronize, asking for their holiday ham order. Depending upon location, Market Partners may be able to arrange direct delivery to the business on orders of 25 or more hams.
